

Clinical Assistant Professor in Exercise Science
Department of Kinesiology
College of Health Professions
CHP-N-3114

Position:

The College of Health Professions invites applications for a non-tenure-track, 10-month Clinical Assistant Professor position in Exercise Science beginning August 2018.

Qualifications:

A Master's degree or higher in Exercise Science, or a closely related discipline, and current American College of Sports Medicine certification is required. A minimum of three years of clinical/professional experience in the area of Exercise Science and evidence of currency in clinical/professional practice is required. The candidate should demonstrate competence in clinical/professional teaching in the area of expertise. Experience in higher education teaching and interdisciplinary activities and demonstrated success in working with diverse populations and students are highly preferred. Experience with using a variety of teaching methods or curricular perspectives is also preferred. The candidate should be able to teach courses in the Exercise Science major with an emphasis on practical application involving exercise assessment and prescription for healthy and clinical populations.

Responsibilities:

Primary responsibilities include high-quality instruction in the classroom and clinical setting in a variety of undergraduate courses, particularly exercise science courses and maintenance of clinical excellence through a range of scholarly and other activities related to the position. The successful candidate will also assist with curriculum development, student recruitment, student advising and will provide service to the Department, College, University, profession, and community.

Department Information:

The Department of Kinesiology, located in the College of Health Professions, has 30 full time faculty and more than 1300 undergraduate majors in Physical Education/ Teacher Education, Athletic Training, Sport Management, and Exercise Science. In addition, the Department has initiatives at the College's Institute for Well-Being through its Wellness Center that supports student education, community education, and research.

Towson University:

Towson University (www.towson.edu) was founded in 1866, Towson University is recognized by U.S. News & World Report as one of the top public universities in the Northeast and Mid-Atlantic regions, is one of Baltimore's largest universities, and is the largest public, comprehensive institution in the University of Maryland System. TU enrolls almost 19,000 undergraduates and over 3,000 graduate students across six academic colleges (business, education, fine arts, health professions, liberal arts, science & mathematics), has over 865 full-time faculty, and offers more than 65 bachelor's, 45 master's, and 5 doctoral programs. Our centrally located campus sits on 330 rolling green acres and is 10 miles north of Baltimore, 45 miles north of Washington, D.C., and 95 miles south of Philadelphia.

Application Process:

Review of applications will begin November 6, 2017 and continues until the position is filled. To assure full consideration, please send a letter of application, vita, and the names and contact information (including telephone numbers and email addresses) of five current references to:
